Nature is complaining that people has made her sick by polluting & overcrowding.

Why is the sky unable to control itself?

Sky is unable to control itself because it is polluted. Therefore, typhoons and tornados are more intense.

For how many years has Mother Nature been in existence?

Mother Nature is 4.5 billion years old.

Why do you think nature does not need us but we need it?

We think so because our lives depend on nature to get oxygen, fruits, water etc.

What does the word falter mean?

Falter means, weak or unsure.

What does the sky mean when it says that 'At the end, I will be fine'. Discuss in detail.

It means that sky is not worried about pollution of earth and air. He is angry and is just waiting for the coming up.

Describe the feelings of Mother Nature.

- Mother Nature is 4.5 billion years old.
- Nature says, that people need nature because our lives depend on nature to get oxygen, fruits, vegetables, water etc.
- Nature is complaining that people has made her sick by polluting & overcrowding.

Where are the Khewra Salt Mines located?

Khewra salt mines are located on right bank of river Jhelum.

How much salt is annually produced by these mines?

Over 850,000 tons.

Who first discovered the Khewra mines?

D.H. Wraths, a British mining engineer.

How many visitors visit the Khewra mines annually?

About 250,000 tourists.

What did you find most exciting about the Khewra mines?

Sheesh Mahal because its salt roof shines like mirrors.

How can you declare these mines as a natural wonder?

Because these mines are part of Salt Range and due to its beauty attracts many tourists.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

What does the poet mean when she says that 'People are made of places'

It means that person's character is always formed by the place where he born.

The poet has compared urban life with country life. Write the differences in the table given below.

City Life:

- More facilities.
- More comfortable.
- More medical facilities.
- Factories & Offices are available.
- More polluted and crowded.

Country Life:

- Less facilities.
- Less comfortable.
- Less medical facilities.
- No factories & offices.
- No pollution and less crowded.

The poet talks about all seasons in the poem. Can you identify the lines and rewrite them along with the line number.

- The almost-not-smell of tulips in the spring.
- Spring and winter are the mind's chief seasons.

What is meant by the natural wonders of the world?

It means stunning and incredible beauty of earth.

How long is the Great Barrier Reef?

It is spreading across 133000 square miles (344,400 km).

What is the other name of the Northern Lights?

Aurora

How tall is Mount Everest?

29029 feet (8848 meters)

Who first discovered Victoria Falls?

David livingstore, a European discovered Victoria Falls in 1855.

The Great Barrier Reef is an endangered wonder. Why do you think it is in danger?

Due to climate change and huge number of sharks and other species.

Why do you think we need to protect the natural wonders? What will happen if they are damaged?

We need to protect the natural wonders because they are the beauty of our planet. Many countries earn a lot from tourists who visit them.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

UNIT # 02

Why is it important to promote the use of public transport?

Because it will reduce the traffic load on roads and is also a cheaper way to travel.

Approximately, how many million people travel on Hong Kong's public transport every day?

Around 12.6 million.

What is meant by environment-friendly transport?

Transport which produced less smoke and cause less air pollution are called environment friendly transport.

What is the Japanese name for Japan's bullet train?

Shinkansen

Why are many European countries – promoting the use of cycles?

Because:

- Cycles don't use fuel;
- Cycles are not very costly;
- Cycles are good for health and a mean of exercise.

Why is it important for Pakistan to develop more rapid transit projects and promote the use of public transport? Write in detail.

Because:

- It is need of growing population;
- It will lessen the rush on roads;
- It will reduce noise pollution, air pollution and land pollution.

What is meant by bumboats?

Bumboats are small boats carrying as many as 60 passengers.

Singapore has its special river transport. What are the advantages of travelling in a river boat?

- Low fair transport
- Environment friendly transport
- Reduces load on road networks.

What is meant by locomotive?

A locomotive is a rail transport vehicle that provides the motive power for a train.

What is meant by freight trains?

A freight train is a goods or cargo train. It is used to carry cargo instead of passengers.

Who and when was the first steam locomotive invented?

In 1803 by Richard Trevithick (A British mining engineer).

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

Why were people afraid of travelling in the trains in early days?

Because they thought that they would not be able to breathe due to speed and vibrations.

Why do you think that train travel became the most popular travel in the world?

Because it was a cheaper and environment friendly way of travel.

How were the diesel locomotives more powerful than the steam ones?

Diesel locomotives are more efficient because they cost less money to run.

What was the name given to the underground railway in London?

Metropolitan.

Describe some of the comforts offered by luxury trains.

- The luxury trains have larger and more spacious cabins.
- They also have various features, such as restaurants, bars and lounges.

Why do you think there is a need to change the existing transport systems?

There is a need to change the existing transport system because we need to have more environment friendly transport system.

The article talks about the different types of transport systems. Which in your opinion will be the most effective one?

Traveling by train is most effective because it consumes less fuel and costs less. Moreover it is environment friendly compared to road transports.

Nearly all these transport systems are run on electricity or solar energy. Do you think it will be sufficient for the needs of the world?

Electricity and solar energy can potentially meet global transport needs, but it will require major advancements in infrastructure, storage, and efficiency.

What is meant by hyper-loop? Why is this mode of transport is anticipated as one of the best for future transport?

It is proposed high speed transport system. This will be one of the best transport ensuring safety and speed.

Do you think that driverless cars will help prevent accidents? If yes, give reasons of your answers. If not why not?

Yes it will help prevent accidents because it will not run on roads. It has its own track.

The article talks about environment-friendly transport. Do you think that the existing transport systems are not environment-friendly? Give reasons.

Existing transport systems are not environment-friendly because they emit carbon dioxide and other pollutants.

State some of the popular traditions of Christmas.

- Giving presents.
- Children leave out cookies
- Sending cards to families and friends.
- Parties are held.
- Songs are sung.
- Decorating Christmas tree.

How do Hindus celebrate new year?

- Diwali is Hindu's new year festival.
- People often visit friends and families.
- They give gifts to each other.
- New clothes are worn.
- Some people set off fire-crackers

What do festivals all festivals teach us?

- They teach us to live together and share happiness.
- They also teach us that all nation is united in happiness and sorrows.

What meant by regional festivals?

- Regional Festivals means the culture which is celebrated on almost every occasion.
- It is celebrated on religious and social events as well as on start of different seasons.

What is so special about the Shandur Polo Festival?

- It is an amazing festival celebrated in Gilgit and Chitral.
- A traditional polo tournament is held.
- Festival also includes folk music, dancing and a camping village set-up.

Why is the Kashmir festival celebrated?

- It is celebrated on 5th February each year by Lok Virsa.
- It is celebrated to show solidarity with Kashmiri people.
- It shows the culture of Kashmiri people.

Which three festivals are celebrated in Kalash?

- i) Chilam Joshi
- ii) The Chitirmas Festival
- iii) Choimus Festival

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

UNIT # 4

Write down some facts about the endangered animals in Pakistan.

- **Markhor** is the largest of the goat family.
- **Flying squirrel** is found in Gilgit. It looks like a bat.
- **Indus River Dolphin** are very friendly creature.
- **Black Finless Porpoise** often caught in fishing net.
- **Moon Bear** is also known as the Asian Black Bear.
- **Forest Dormouse** is from rodent family.
- **Snow Leopard** is smaller than big cats having weight 30-70 kg.
- **Soft Shelled Turtle** has unique nostrils and leathery shell.

What do You think will happen if all these animals go extinct?

The rare heritage of the country will be no more. These rare animals helps to control the population of other species and keep the environment in balance.

What will be the effect of the extinction of these animals in Pakistan and in the world?

This will lead to loss of important series and imbalance in ecosystem.

Moreover, changes in weather patterns, soil fertility and disease transmission may also occur.

Extinction of endangered animals is a pressing issue that the world is facing. In a group, prepare an action plan to help preserve the endangered species.

- Raise awareness.
- Protect habitats.
- Work with local communities:

What are extreme weather conditions?

Extreme weather conditions are heat waves, droughts, floods, heavy downpours, tornadoes, hurricanes, storms, blizzards etc.

What are the factors that affect weather?

Weather is affected by air pressure, temperature, humidity, wind, ocean, currents, solar radiation and gases etc.

Name some of the examples of weather on Earth and the atmospheric conditions present?

Present weather conditions are sunny, cloudy, partly cloudy, rainy, snowy, foody, misty, windy, dry hot, cold, thunderstorm etc.

What he difference between weather and climate?

- Weather is the short term atmospheric condition of a particular place at a particular time.
- Climate refers to a long term condition of any region or place.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

How do these weather conditions impact the world?

- **Extreme heat & cold** can be dangerous for health.
- **Flooding** can damage crops and homes.
- **Tornadoes** can damage buildings and infrastructure.
- **Drought** can lead to water shortage

What are the necessary conditions for each weather event to occur?

- **Thunderstorms** are caused by rapid upward movement of warm moist air.
- **Tornadoes** are caused by rapid spinning air.
- **Flood** are caused due to heavy rains.
- **Heat waves** are caused when high temperature stall over an area

What are the possible solution??

- We need to reduce greenhouse gas emission.
- We should plant more trees.
- We can implement policies for transports and industry

What is meant by resilient and sustainable cities?

Resilient and sustainable cities are cities that can adapt various environmental, social, and economic challenges.

What are some of the goals of the future cities?

- Carbon free transport
- Garbage free streets
- Plentiful water etc.

What is meant by vertical gardening?

Vertical gardens are grown vertically on a wall instead of growing plants in the ground.

Which elements of sustainable technologies were used to make the town hall of "Venlo" environment-friendly?

- Front of town Hall is vertical garden.
- Green walls are in Parking garage areas with plants.
- Town hall has green roofs covered with vegetation, which absorb rain water.

The article shares a few examples on how to convert waste into energy and use it in construction. Can you share two examples in detail?

- i) Engineers in Europe are experimenting bio composite dried orange peel and clay to make walls. This will be comfortable and save energy.
- ii) A Company in England combines orange peels with other kinds of waste to make a strong building material similar to fiberboard.

How can we promote vertical gardening in our cities?

- Educate the public.
- Encourage participation:
- Partner with local business:

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

It means that we must spent our lives according to Islamic Principles. We must follow the teaching of Islam to lead ourselves to the path that leads to Jannah. Few lessons from this sermon are as under:

- i) All praise is due to Allah.
- ii) In the sight of Allah, most honored is one who is most God fearing.
- iii) The blood revenges, all interests and usurious are remitted.
- iv) We should treat women kindly.
- v) We should feed other-selves as we feed ourselves.

The last Sermon of Hazrat Muhammad (ﷺ) is considered as a light for the entire humanity. How do you think this sermon can help us become better human beings. Support your answers with reasons from the text.

Last Sermon is considered as a light for all humanity because it contains all human rights. Hazrat Muhammad (ﷺ) gathered Muslims and advised them how to lead the life. Few lessons from this sermon are as under:

- i) All praise is due to Allah.
- ii) In the sight of Allah, most honored is one who is most God fearing.
- iii) The blood revenges, all interests and usurious are remitted.
- iv) We should treat women kindly.
- v) We should feed other-selves as we feed ourselves.

UNIT # 06

Who is Allama Muhammad Iqbal? Describe his life and works.

- He was born in Sialkot in 1877.
- He started his education from Mission School.
- Later on, he got degree of Bar-at-Law.
- He is out National Poet.
- He wrote many poems to awaken the souls of Muslims.

What is the message of the poem to the youth?

Allama Iqbal wanted to awaken the youth and this is the message of poem.

To whom is the poem about?

It is about youth because Allama Iqbal was very concerned about youth and wanted them to turn toward Islam.

What do you think are his reasons for writing such a poem?

Because Allama Iqbal was very concerned about youth and wanted them to turn toward Islam.

In this poem the youth is compared to an eagle. What values, characteristics and habits do you think we can learn from an eagle? Explain your answer.

- Eagle is the symbol of freedom and independence.
- Youth should be bold and fearless just like eagle.
- Young people should have a dear vision and focus on their goals.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

What makes Mr. Phileas Fogg a meticulous man? Cite some examples from the story to your answer.

- He is a punctual man. He never wastes time.
- For example he refuses to waste sight-seeing in the cities he visits during his journey

Why did Mr. Fogg make the bet? Why did the other members of the Reform Club agree to the bet?

Mr. Fogg the bet to travel around the world in 80 days because he was challenged to do so by the other members.

How did Phileas Fogg finally win the bet?

He finally won the bet by completing his journey in 80 days.

How did they rescue Aouda from the suttee?

Aouda was daughter of a wealthy Indian family. As soon as the pyre is lit, he springs up and seizes the widow.

What were some of the mishaps that happened during their trip? Explain the thrilling climax of the novel.

- Delay in Suez
- Train delay in India
- Attack by Indian Robbers
- Delay in San Francisco
- Detective Fox interference

What is the central idea of the story?

The central idea of the novel is the human spirit of adventure. Novel celebrates it and the possibility of achieving one's goals through hard work.

What is the Central idea of the story?

- Do the things when it is important to do.
- Forgive someone when you have power
- Do good because for this purpose man is sent into this life.

What, were the three questions asked by the King?

- a) When is the best time to do each thing?
- b) Who are the most important people to work With?
- c) What is the most important thing to do at all time?

Who is the most important person according to the Hermit?

According to the hermit, the most important person is the one with whom we are interacting at present.

How did the king and the hermit help the wounded man?

- The king and the Hermit unfastened the man's clothing.
- The king washed the wound and bandaged it with his handkerchief.

Why did the king go to the wise hermit?

For the answers of his three questions.

=====

Visit www.downloadclassnotes.com for Notes, Old Papers, Home Tutors, Jobs, IT Courses & more.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

Why did the king want to know answers to the three questions?

Because he thought in this way, he would never fail in anything he might undertake.

What were the hermit's answers to the three questions?

It was the most important time when we have any power, the most necessary man is he with whom you are, and the most important affair is to do him good because for that purpose man sent into this life.

What suggestions were given in response to the third question?

The man who was king's enemy and wanted to kill him, He became the loyal slave of the king.

Why did the bearded man ask for the king's forgiveness?

- The bearded-men asked for the king's forgiveness because he wanted to kill the king and king saved his life.
- The man was thankful and he told the king the truth and asked for forgiveness.

UNIT # 07

What season of the year do you think it is in the poem?

Winter Season

Explain in your own words why the speaker's horse 'gives his harness bells a shake'.

- Because he is confused and anxious about stopping in the middle of snow covered forest.
- The sound of the harness bells serves as a reminder of the outside world.

How does the speaker feel about the woods? Use evidence from the poem to support your answer. Is he scared? Is he happy? How are the woods described?

- The speaker seems to fall in love about the woods.
- On one hand, he is drawn to tranquil and beautiful scene before him
- He describes the wood as lovely, dark and deep and desires to stay there
- However on the other hand, the speaker is aware of his responsibilities.

What does the speaker mean by 'But I have promises to keep'?

- The line "I have promises to keep" is a reference to the speaker's responsibilities in his daily life.
- The line tells that the speaker recognizes the importance of keeping, his words and fulfilling his duties.

What kinds of obligations can distract us from enjoying the world around us?

- The poem suggests us that obligations such as work and responsibilities can distract us from enjoying the beauty of the world around us
- These obligations represent the demands of everyday life that can distract us from simple joys of nature.

=====

Visit www.downloadclassnotes.com for Notes, Old Papers, Home Tutors, Jobs, IT Courses & more.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

Where do people go when they want to find peace of mind?

They move to the natural beauty. Being close to nature, we can refresh our mind and soul.

How would you describe the mood in the poem? What promises do you think that the speaker might have kept? Why might the speaker repeat the final line?

- The mood of the poem is a sense of longing for a simple life.
- Speaker might have kept in mind his responsibilities.
- He repeated the final lines because this shows his sense of duty.

What trade does Gulliver learn as an apprentice?

- There was no trade to do as an apprentice.
- In fact, Gulliver is a ship's surgeon and does not learn any new trade during his travel.

How is the Antelope wrecked?

A violent storm came and the ship hit a rock in the sea.

What happens to Gulliver's companions during and after the ship wreck? Can you find any lines that express how Gulliver feels about his fellow sailors? If so, write them down.

He jumped into the ship's life boats with some sailors. But the wind was so strong that the safety boats turned over and all sailors were drowned.

How tall is the first Lilliputian that Gulliver sees? What is he carrying?

He was hardly six inches tall and carrying a tiny bow and arrow.

To what does Gulliver compare the Lilliputian arrows?

He compares the arrow to the sharp object.

The Lilliputians men searched Gulliver's pockets and compelled a report a small excerpt of that report is included in the story. What in your opinion, might they have found in his other pockets? Complete the report on Gulliver's belongings.

- In right pocket a piece of coarse cloth.
- In left pocket huge silver chest.
- In right waist coat pocket a prodigious number of white thin substance folded on another about the bigness of three men.

At one point the author says that he was 'pushed forward by wind and tide'. What does this mean?

It means that the storm was so intense that the waves and tides were pushing the floating objects including men forward.

=====

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

=====

At another point he says that he 'felt several slender ligatures across my body, from my arm-pit, my thighs.' What does this mean? Explain detail in the context of the story.

His arm and arm-pits were also tied with thin ropes and his legs and thighs were strictly tied to the ground, so that he could not move.

How did Crusoe get the things he wanted from the ship back to the island?

He collected all things to the island for his survival.

Why does Crusoe want to find a place to put his goods?

After visiting the island he realized that he is stuck in the island. So, he wanted a proper place to put his goods to secure them.

Why does he climb up the hill?

He climbed up the hill to take a view of the island that is there my inhabited or not inhabited.

Why does he think, 'it was the gun that had been fired there since the creation of the world.' What does he mean when he says this?

He means that the sound of a gunshot was completely confamilier him and that he had never heard it before on the island.

Robinson Crusoe is just one of many narratives about people being stranded alone for many years and having to make difficult decisions in order to survive. The story of Gulliver's Travels has a number of similarities with this one. Can you identify the similarities and the differences between both stories? Write them in the given table.

Similarities	Differences
The theme loneliness	Setting is a island
Exploration of human nature and society	Story is serious and struggling
Struggle for survival	Robinson's own story.

Why do you think Black Beauty refuse to cross the bridge?

Black beauty refused to cross the bridge because it realized that there is something wrong.

What happened to the bridge?

The bridge was broken in the middle. Its parts were fallen in river.

Who realized that something was wrong with the bridge?

Black Beauty realized that something was wrong with the bridge.

What did John says to Black Beauty?

John said, come on Black Beauty, what's the matter.?

One of the main ideas of the passage is that Black Beauty knew that the bridge was dangerous. Can you find at least two claims that support this idea?

=====

Visit www.downloadclassnotes.com for Notes, Old Papers, Home Tutors, Jobs, IT Courses & more.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

- =====
- a) The animals serve humans well that's why black beauty smell the danger.
 - b) Animals are wise and they can smell the danger and hence Black beauty saved its masters life.

UNIT # 08

When was Alexander Graham Bell allowed to sell telephones?

Bell was allowed to sell telephones in 1876

What was the problem with old phones?

Old phones were large and awkward. Each phone was powered by its own battery.

Describe how landline telephone systems operated?

It was operated by speaking to an operator. Operator connect one phone to another.

The article at one point says that, 'But it wasn't until 1876, when Alexander Graham Bell 'patented' the telephone and was allowed to start selling it.' What does patented mean?

Patented means, claim. He claims that telephones are ready to use and ready to sale.

Why do you think telephone is considered to be innovation that changed the face of the world? Give at least three reasons supporting your answer.

- i) Telephone has made it easier for people to communicate with each other.
- ii) It is faster and more efficient communication.
- iii) Emergency services can be connected quickly through the phone.

The twentieth century is known as the of technological revolutions. Why do you think it is own as that? Write a paragraph to support this claim. Remember to give logical reasoning to your answer.

- i) The invention of telephone, radio, television revolutionized how people communicate.
- ii) The digital revolution had transformed many industries
- iii) Space exploration is a great leap forward in space exploration with the launch of the first artificial satellite, sputnik, in 1957
- iv) The development of medical technologies improved public health.
- v) Discovery of new sources of energy transformed the way, we produce and consume energy.

Why are bridges crucial?

- They are necessary to overcome obstacles such as river, canals, valleys etc.
- They connect different regions, allowing people and goods to move quickly
-
- They play important role in economic development.
- They made the critical access easy to some areas.

What land of bridge is a viaduct?

=====

Visit www.downloadclassnotes.com for Notes, Old Papers, Home Tutors, Jobs, IT Courses & more.

ENGLISH NOTES FOR 7TH CLASS (FOR ISLAMABAD)

- =====
- It is a long bridge consisting of multiple purposes.
 - They are used to carry roads, railways and other transportation.

How long is the Danyang-Kaunshan Grand Bridge?

It is 164.8 km long

What is so unique about Kansai International Airport?

It is constructed on artificial Island in Osaka-Bay (Japan)

What is meant by artificial island?

It is island that is constructed by people rather than natural means.

When was the Kansai International Airport opened?

On 4th September 1994.

The author suggests that children possess an unmatched sense of wonder and energy. Why do you think he says this?

He says this because he thinks they can come up with the most amazing ideas and inventions.

Who invented the popsicle and when was it invented?

In 1905, Frank Epperson.

The word notoriety originally means well known for a bad deed. 'What do think is the contextual meaning of this word in the text?

It means in the state of being famous for its quality.

How old was Louis Braille when he invented the Braille System?

He was 12 years old at that time.

Which life-changing event led invention of the Braille by Louis Braille?

Louis Braille suffered an eye injury and got blind.

He struggled for more than a decade by tracing his finger over raised letters.

So in 1824 the Braille language was born.

Why do you think earmuffs are a useful invention?

They block out cold wind effecting ears.

Water Talkie invented which particular device?

In 1996, Richie stachowski invented the water talking device.
